

# Diamond Connection™

***We have made managing  
your inventory easier than  
ever before...and we're  
not even on your payroll!***

---

## **NEW Diamond Connection™ Version 2.0**

For years, fleet maintenance shops have depended on the power, accuracy and efficiency of the International Diamond Connection system to help manage parts inventory and to track service operations. With this newest release, Diamond Connection has more features, and it's even easier to use. See your International® dealer for complete details.

# Diamond Connection™

International knows how to manage parts inventories and through the use of powerful software like Diamond Connection™, we can become your partner in managing your inventory. Allow us to free you up to do what you do best by doing what we do best. Diamond Connection can simplify your life!
